## How to use Poultry Loops

Poultry loops are roastable and allow you to quickly and simply truss poultry without having to tie a knot.

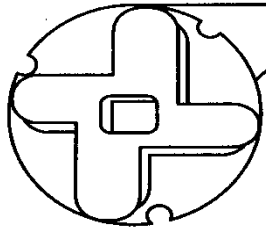

They do not place excessive pressure on the meat therefore minimising blood loss and retaining weight

## How to use Poultry Loops

Poultry Loops help form a compact shape, holds wings against the body. Stays with the bird throughout cooking

No need for wire or plastic trussing devices that can pierce the skin and allow natural juices to escape

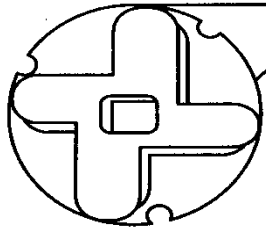

No bacteria risk associated with bar-cut

## How to apply Poultry Loops

### Parallel Method

1. Hold breast side down in palm of hand and position the loop over the neck but under the wingtip
2. Pull the top of the loop over the neck across the back then over the legs
3. The loop will now be in two parallel strands across the back
4. Cross legs
